APPLIED SUICIDE INTERVENTION SKILLS TRAINING

Two Day Workshop

May

13th and 14th 2010

9:00 am—5:00 pm

ASIST

ASIST: Applied Suicide Intervention Skills Training offers practical, evidence-based skills training anyone can learn.

Facilitated by Mental Health Association certified ASIST trainers, this highly interactive, practice-oriented workshop will help caregivers confidently and competently intervene to assist individuals at risk of suicide.

**Thursday and Friday
May
13th and 14th 2010**

Bedford Location To Be
Announced

World-wide

Over 950,000 people have been trained in ASIST, helping to create suicide-safer communities.

Your commitment to the two days is essential. No part-time attendance or walk-in registrations can be accepted.

Participation is limited to the first 30 registrations received.

ASIST May 13th and 14th 2010
